

Offers

Test Plan Identifier: Offers_stack_demo_v1

Introduction: The purpose of this test plan is to validate the offers display feature on the home page based on the user's location input. If the user enters a valid live location, relevant offers should be displayed. If the user does not provide any location, the system should not display any offers.

Test Items: Browser Stack demo logo, Search bar, Offers, Favourites, Orders, Logout, Apple, One Plus, Samsung, Google, Photos, Privacy Policy Read More, Subscribe to Newsletter

Features to be Tested: Offers

Features Not to be Tested: Browser Stack demo logo, Search bar, Favourites, Orders, Logout, Apple, One Plus, Samsung, Google, Photos, Privacy Policy Read More, Subscribe to Newsletter.

Approach: The testing approach will include both automation testing and manual testing using black-box (functional) testing techniques to validate the Offers feature.
