Favourites

Test Plan Identifier: Add_to_cart_v1

Introduction: The objective of this test plan is to verify the functionality of the Favourites feature. A product should only appear in the favourites list if it has been explicitly selected and added by the user. If no product is selected, the favourites list should remain empty.

Test Items: Browser Stack Logo, Orders, Offers, Product, Price, add to cart, Privacy and Policy, Photos, Logout, Search, Favourites, Add to Cart

Features to be Tested: Favourites

Features Not to be Tested: Browser Stack Logo, Orders, Offers, Product, Price, add to cart, Privacy and Policy, Photos, Logout, Search, Favourite, Add to Cart

Approach: The testing approach will include both automation testing and manual testing using black-box (functional) testing techniques to validate the Favourites feature.
